## PROFILE

I'm a Front-End Web Developer specializing in React.js, with a passion for creating clean, responsive, and user-friendly web interfaces. I enjoy turning complex problems into simple, elegant solutions through efficient code and modern front-end practices. With a strong foundation in JavaScript, HTML, and CSS, I focus on building fast, scalable, and intuitive applications.

## WORK EXPERIENCE

- Hostel Valley** 2030 - PRESENT  
Front-End Developer
  - Developed and maintained responsive web interfaces using React.js, JavaScript, HTML5, and CSS3, enhancing user experience across devices.
  - Collaborated with back-end developers and designers to implement features and improve application performance.
  - Integrated React Router, Redux, and API services to ensure smooth navigation and dynamic data rendering.
